## SUMMARY

---

Passionate Software Engineering with hands-on experience in full-stack development, business workflows, and marketing. Proficient in JavaScript, Python, C++, and C. Built scalable backend systems using Node.js. Skilled in Git, Linux, and Postman. Strong foundation in algorithms, object-oriented programming, and writing clean, maintainable code.

## Experience

---

**Software Engineer**, Ajwad Developments – Real Estate Company Sep 2024 – Now

- Customized **Odoo ERP** modules to align with the real estate workflow for property sales and bookings.
- Collaborated with the sales and operations teams to identify bottlenecks and configure Odoo features that save time and reduce errors.
- Provided training sessions to help the sales team adopt the Odoo system effectively for lead tracking and property follow-ups.
- Developed and optimized the company's website to enhance property showcasing and user experience.
- Developed the AJW-AD CRM system using **React.js and Node.js**.

**Full Stack Oracle Developer Intern**, Esperti Solutions – Software Company July 2024 – Sep 2024

- Built and customized ERP module using Oracle APEX and PL/SQL.
- Worked closely on designing business logic and automating workflows across core enterprise operations.
- Acquired deep understanding of ERP system architecture.

**Software Engineer Intern**, ALX Africa – Remotely Jul 2023 – Nov 2024

*12-month intensive programme focused on full-stack software engineering.*

- Mastered C, Python, JavaScript, SQL, and Bash scripting
- Built low-level systems: memory allocation, shell, malloc, linked lists
- Practiced OOP, recursion, data structures, algorithms, and debugging
- Gained hands-on experience in web development

## Projects

---

**Real Estate CRM System** [Ajwad-real-estate](#)

- Developed a full-featured CRM system for real estate operations, including lead management, unit tracking, and role-based access control
- Built with: Node.js, PostgreSQL, React.js
- [Demo Video](#) available

- Visit my portfolio website to explore more project showcases

## Education

---

**B.Sc. in Computer Science**, El Shorouk Academy – Cairo, Egypt 2022 – 2026

*Bachelor's degree focused on core computer science and software engineering principles.*

- Studied Data Structures, Algorithms, Operating Systems, and Computer Networks
- Completed projects in OOP, Database Systems, and System Design
- Led and built team projects using Python and JavaScript

## Skills

---

**Languages:** JavaScript, Python, SQL, C++ , C

**Technologies:** React, Next.js, Node.js, Express.js, Tailwind, Odoo, MongoDB, PostgreSQL

**Soft Skills:** Problem Solving, Communication, Team Collaboration, Time Management, Adaptability

## Certifications

---

- **ALX Software Engineering.**
- **React.js** Certification, HackerRank.
- **UX Design** Foundations, Google.
- Fundamentals of **Digital Marketing**, Google.
- **SEO** Certification, HubSpot.

## Languages

---

English: Professional

Arabic: Native
